Information Request:

For the residential lighting program, how much of the \$6,750 budgeted for incentives will be spent on LED bulbs to be handed out to students during an Energy Tour?

Attachments: 0

Response:

Approximately \$3,600 would be spent on LED bulbs to hand out to the students during the Energy Tour. From prior year totals, we expect 300 students to attend the tour and each student would receive four 9W LED bulbs.
