 Avon S D 57315

To post on prevailing winds public comment site

My name is Phyllis A Hubner. I live 3 1/2 miles north of Avon. I have lived here for 66 years. I am now 84 years old and I enjoy it here. The sunsets are beautiful and I love listening to the different birds, watching the turkeys and pheasants go across the yard. There is so much to be thankful for especially the quiet evenings. Please do not let them build the wind turbines. They do make disturbing noise.
