To: Reiss, Amanda

Subject: [EXT] Request for Party status

Dear Public Utilities Commission,

This letter's purpose is to inform you of my interest and desire to have Party Status in the PUC docket EL17-028. Amanda Reiss Contacted me last week letting me know that I had not completed the form requesting party status by indicating my interest in this particular docket.

As I stated at the sitting meeting in Clark, I am a farmer in Hamlin County and have an electrical engineering degree with an emphasis in power systems. My interest to this particular docket is because of my educational background as well as my relationship with Dave and Darci Adam who currently reside within the proposed crocker hills wind farm and my desire to input my knowledge in helping them and the PUC to stop this proposed project. Please consider me as an interested party and accept my application for party status.

Sincerely,

Luke Holzwarth
