Subject: [EXT] Comments EL17-055

PUC Staff, I am sending a second email with three page attachment letter. The letter includes comments concerning the Crocker Wind Farm proposal and application in EL17-055. The third and final page includes my signature for Susan Handke dated with todays date. I scanned that into the file to make it official. Thank you for your time. Would you confirm by email response that you have received this attachment with signature page. Thank you, Susan Handke
