Dear Madam Chairperson and South Dakota Public Utility Commissioners:

RE: EL 17-055 Crocker Wind Farm Application

\_\_\_\_\_ I am writing you as a community member or a landowner adjacent to the project to share my support of the Crocker Wind Farm a Geronimo Energy Wind Farm development located in Clark County, South Dakota.

\_\_\_\_\_ I am writing you as a landowner or a landowner family member in the wind farm project area to share my support of the Crocker Wind Farm a Geronimo Energy Wind Farm development located in Clark County, South Dakota.

I am a supporter of wind energy. I am writing to you to share my support of the Crocker Wind Farm a Geronimo Energy Wind Farm development located in Clark County, South Dakota.

- I support the Crocker Wind Farm because it will provide economic benefits to the local economy, tax base, schools and local residents and county and town. Our community, county and state need the economic benefits.
- I support the Crocker Wind Farm because I support green energy and the numerous benefits for the local and broader environment, including water consumption savings and carbon dioxide emissions reductions.
- I support the Crocker Wind Farm because I support the rights of landowners, which allows the landowners to use their land to the fullest protentional allowing them to harvest the wind a plentiful and valuable resource in South Dakota.

Other comments for support:

Land owners support the schools, townships, county and communities with their taxes for decades. Totell them that a clean energy source cannot be placed on their own land is ridiculous. As a nation we are attempting to become energy independent. Allow it!
