

My NAME STEVEN SOMSEN COURTNEY NWAT

My Family has LAND in the Courtney Wind Farm
My wife and my self have 500 acres of LAND
with three Tower's the revenue from
the Tower's equal to the rent of the LAND
so my daughter & son in law can farm the LAND
free of charge a Wind win for both of us.

The Tower's near our farm does not bother
us at all after a time we do not know
that they are there ~~and are~~

the community fund will benefit many people
high school kids & Fire Dept.

the improvement to the Township road & access roads
were a benefit to all.

Still plenty of Wild life

Travel during construction did not pose
any problems while we were farming -
from Spring to FALL

~~As in our present wind farm~~

my family ~~are~~ is happy with the Wind farm
~~at our~~ Farm on our LAND it is extra revenue
