Xcel Energy

Docket No.: EL17-004

Response To: South Dakota Public  
Utilities Commission

Data Request No. 1-4

Date Received: February 3, 2017

---

Question:

Explain why the effective date of the tariff needs to be January 1, 2016 and cannot be the date of the commission meeting in which this tariff is to be decided on in 2017.

Response:

The City of Sioux Falls installed 36 LED lights in 2016 which still need to be billed from Xcel Energy. By putting January 1, 2016 as the effective date, it assures that all of these lights are billed in compliance with an updated tariff.
