Xcel Energy

Docket No.: EL17-020

Response To: SD Public Utilities
Commission

Data Request No. 1-1

Requestor: Lorena Reichert

Date Received: May 12, 2017

Question:

Did Xcel initially verify whether Lot 1, Block 1 Talsma 2nd Addition was in their territory? Please explain Xcel's verification process.

Response:

This was an oversight by one of Xcel Energy's Designers. He had prepared a job for some town homes to the southwest of this site and presumed that the territory to the north was Xcel Energy's as well.

Normal process for the Xcel Energy Designers is to reference both the territory maps via the SD PUC website as well as the paper maps we have on file.

Preparer: Eric Pauli
