

**NOTICE OF PUBLIC HEARING
SOUTH DAKOTA PUBLIC UTILITIES COMMISSION**

WHAT: Applications by Otter Tail Power Company for permits to construct (i) Astoria Station, a 250-megawatt, natural gas-fueled, simple-cycle electric generation facility, (ii) an associated 345-kilovolt electric transmission line, and (iii) a natural gas pipeline to support the Astoria Station generating facility

WHEN: Monday, November 27, 2017, at 6:30 p.m. CST

WHERE: Deubrook Elementary School Gymnasium, 695 Palisades Ave., Toronto, SD

Pursuant to SDCL 49-41B-15 and 49-41B-16, the South Dakota Public Utilities Commission will hold a public input hearing at the above time and place on an application to construct the Astoria Station, 345 kV Transmission Line, and natural gas pipeline (Project). On October 5, 2017, Otter Tail Power Company (OTP) filed an application with the Commission for permits to construct the facilities pursuant to SDCL Chapter 49-41B. The Project is located on approximately 8 acres of privately owned land in Deuel County, South Dakota, approximately 1.5 miles northwest of Astoria, South Dakota. The proposed Project would include a plant stack reaching an estimated 105 feet above the graded surface. The Project will result in the installation of approximately 0.5 miles of overhead transmission and a 10-inch diameter natural gas pipeline of less than 1,000 feet in length. Astoria Station is proposed to be located in the N 1/2 of Section 22, Township 113N, Range 48 West. The half-mile electric transmission line will extend west from the facility. The natural gas pipeline will extend to the south. At the Point of Interconnection, the power will transfer to the Big Stone South-to-Brookings 345 kV transmission line. Construction is proposed to begin in spring 2020, with generation start-up scheduled for May 2021.

The purpose of the public input hearing will be to hear public comments regarding the permit Application and the Project. At the hearing, Applicant will present a brief description of the Project, following which interested persons may appear and present their views, comments and questions regarding the Application. A copy of the Application is on file with the Deuel and Brookings county auditors pursuant to SDCL 49-41B-15(5) and at the Commission's office in Pierre. The Application and all other documents in the case, including detailed maps of the Project may be accessed on the Commission's website at www.puc.sd.gov under Commission Actions, Commission Dockets, Electric Dockets, 2017 Electric Dockets, EL17-042 or by contacting the Commission in person at the Capitol Building, 500 E. Capitol Ave., Pierre, SD, or by phone at (605) 773-3201 or (800) 332-1782.

Pursuant to SDCL 49-41B-17 and ARSD 20:10:22:40, the parties to this proceeding are currently the Applicant and the Commission. Any person residing in the area of the Project; each municipality, county, and governmental agency in the area where the Project is proposed to be sited; any non-profit organization formed in whole or in part to promote conservation or natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote consumer interests, to represent commercial and industrial groups, or to promote the orderly development of the area in which the Project is to be sited; or any interested person, may be granted party status in this proceeding by making written application to the Commission. Applications for party status will be available at the public input hearing or may be obtained from the Commission's website or by contacting the Commission.

Applications for party status must be received by the Commission on or before 5:00 p.m. CST on December 4, 2017.

Following the public input hearing, the Commission may schedule a formal evidentiary hearing conforming to SDCL Chapter 1-26 to consider any issues raised by any intervening party, the Commission's staff, or the Commission itself. At such formal hearing, all parties will have the opportunity to appear, present evidence, and cross-examine the other parties' witnesses and exercise all other rights afforded by SDCL Chapters 1-26, 49-1, and 49-41B and ARSD Chapters 20:10:01 and 20:10:22, including rights of appeal to the courts. Absent a contested issue, the Commission will schedule the matter for decision at a regular or ad hoc meeting of the Commission.

For approval, the Applicant must show that the proposed energy conversion facility, natural gas pipeline, and Transmission Facility will comply with all applicable laws and rules, will not pose a threat of serious injury to the environment nor to the social and economic condition of inhabitants or expected inhabitants in the siting area, will not substantially impair the health, safety or welfare of the inhabitants, and will not unduly interfere with the orderly development of the region with due consideration having been given to the views of governing bodies of affected local units of government. Based upon these factors, the Commission will decide whether the permit should be granted, denied, or granted upon such terms, conditions, or modifications of the construction, operation, or maintenance as the Commission finds appropriate.

Pursuant to the Americans with Disabilities Act, this hearing is being held in a physically accessible location. Please contact the Commission at least 48 hours prior to the hearing if you have special needs so arrangements can be made to accommodate you. The Commission's contact information is: ph (800) 332-1782; www.puc.sd.gov; puc@state.sd.us; 500 E. Capitol Ave., Pierre, SD 57501.
