**RE: Application to the South Dakota Public Utilities Commission for a Facility Permit for the Crocker Wind Farm TC17-
Our file: 7101**

Dear Ms. Van Gerpen:

Today, I filed an application to the South Dakota Public Utilities Commission for a Facility Permit for the Crocker Wind Farm, and associated transmission, through the PUC FTP site. Along with the facility permit I filed maps to show the layout of the project and Appendices A through J.

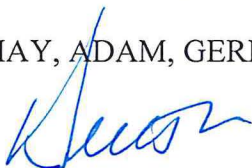

Please note, I filed three documents as confidential. The first is a typical turbine drawing which contains proprietary information. The second is a map depicting information about cultural resources located within the project boundaries. The third is a sound level assessment which contains proprietary information.

I intend to file prefiled testimony yet today.

I am including a check for \$8,000 as a filing fee, with this letter. I look forward to scheduling public meetings and hearing dates in the near future. Thank you for your assistance.

Very truly yours.
