### NOTICE OF PUBLIC HEARING SCHEDULED FOR CROWNED RIDGE WIND II, LLC TRANSMISSION LINE PROJECT

On April 11, 2018, the South Dakota Public Utilities Commission (Commission) received a facility permit application (Application) from Crowned Ridge Wind II, LLC (Crowned Ridge II, or the Applicant). Crowned Ridge II proposes to construct an approximately 7-mile 230-kilovolt (kV) generation tie line (the Project) from the collector substation at Crowned Ridge Wind II (CRW II) to a dead-end transmission structure adjacent to the collector substation at Crowned Ridge Wind (CRW). Utilizing a breaker position at the CRW collector substation, the 300 MWs from CRW II will be aggregated with the 300 MWs from the CRW collector substation and conjoined to the Crowned Ridge 230 kV generation tie line which will terminate at the reactive compensation substation adjacent to the Big Stone South substation. The planned Crowned Ridge Wind and Crowned Ridge Wind II facilities will be permitted separately and is not included as a part of the Project. The generation tie line will be located in Codington County, South Dakota. The Project expected to be in service by December 31, 2019. Crowned Ridge estimates the total construction cost to be approximately \$10 million. Pursuant to SDCL 49-416-15 and 49-416-10, the Commission public input hearing will be held on May 30, 2018, at 5:30 p.m., CDT, at Waverly South Shore School Gymnasium, 319 Mary Place, Waverly, South Dakota. The purpose of the public input hearing will be to hear public comments regarding the Application and the Project. At the hearing, Crowned Ridge II will present a brief description of the Project, after which interested persons may appear and present their views, comments, and questions regarding the Application. A copy of the Application is on file with the Codington County Auditor pursuant to SDCL 49-416-15(5) and at the Commission's office in Pierre.
