Ms. May:

This is in response to your message regarding the commission decision at our May 14 meeting on a condition violation for the Prevailing Wind docket, EL18-026. I remember your testimony, and am certainly hopeful that we will not see further violations during construction of this wind project.

If you become aware of other such violations, please communicate those to Prevailing Wind's Public Liaison Officer Kelsey McGregor. Here is a link to the letter with her contact information in the docket, <http://puc.sd.gov/commission/dockets/electric/2018/EL18-026/exhibitab.pdf>. The liaison is required by the commission's permit condition 36. If communication with the liaison is not effective, contact the commission via PUC@state.sd.us.

Thank you for your testimony at last October's evidentiary hearing concerning the Prevailing Wind project, and for contacting the commission. Your message and my response will be posted in the docket, <http://puc.sd.gov/Dockets/Electric/2018/EL18-026.aspx>.
