

Docket EL18-053

January 2019

Public Utilities Commissioners :

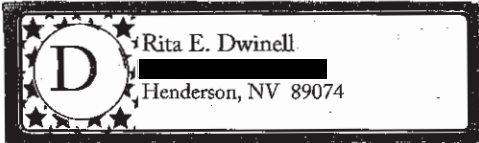

RECEIVED

JAN 22 2019

SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

I do not want these wind
generators in Deuel County, Put
them where people do not live.
The generators cause death to birds,
they throw ice in winter, the
flickering caused by the blades is
horribly uncomfortable, they are
noisy, they are unhealthy to
live by. I am a Deuel Co. land-
owner of two properties being
threatened by the proximity of
these generators. Also, in 20 yrs or
so when they are obsolete - they
still stand! Also, think of the tons
of cement needed to keep them
upright. I say NO! Rita Dwinell
