Senator John Wiik

P.O. Box 95

Big Stone City, SD 57216

I understand that people from Watertown are attempting to stop the Deuel County Wind Farm Construction due to COVID-19 concerns.

The Deuel County Sheriff has assured me that the companies involved are following CDC guidelines and beyond. The Deuel County commissioners also met and were convinced that the project should continue.

I am writing to support my Sheriff and County Commissioners, and urge you to resist calls to delay wind tower construction.

Thanks!

Senator John Wiik
