Regarding Pucocket EL 18-053 - Deuel Harvest North Wind Farm

Dear Puc Commission

I am 72 years old and have lived in Deuel County SO my whole life. I am a local farmer. I raise cattle, hogs, crops and hay.

I am in full support of Deuel Harvest North Wind Farm. It would be great for local land owners and economic development in the County.

It has always been a windy county and it would be nice to finally make some good use of the wind.

Again I give full support to Deuel Harvest North Wind farm.

Please vote yes to approve the project
