Ms. Huber,

Thank you for sharing your opinion about the Deuel Harvest siting permit request currently before the South Dakota Public Utilities Commission.

You relayed the importance of the economic impact a project such as this may provide to your rural area, through construction and new jobs, taxes and supplemental agricultural income. My fellow commissioners and I take these factors into account when considering whether or not to grant a wind siting permit.

I encourage you to follow along as new information is add to the docket, <http://puc.sd.gov/Dockets/Electric/2018/EL18-053.aspx>,. Your message and my response will be posted under Comments and Responses in the docket so my fellow commissioners and other interested individuals can read them.

This Siting Guide helps explain the commission's processing of siting dockets such as this, <http://puc.sd.gov/commission/dockets/electric/2018/e118-053/e118-053sitinghandout.pdf>.
