Runway Safety Areas (RSAs)

Plot Date: 18 April 2019

Coordinate System: NAD 1983 UTM Zone 14N

00SD -
Homan Field
Airport

Runway Protection Zone (RPZ) - to enhance the protection of people and property on the ground. Control is preferably exercised through acquisition of property interest in the RPZ and keeping these areas clear of incompatible objects and activities.

Runway Safety Area (RSA) - A defined surface surrounding the runway prepared or suitable for reducing the risk of damage to aircraft in the event of an undershoot, overshoot, or excursion from the runway.

Runway Obstacle Free Zone (ROFZ) - Precludes aircraft and other object penetrations, except for frangible NAVAIDs that need to be located in the OFZ because of their function.

Taken from AC 150/5300-13A, Airport Design, 2/26/14.

Legend

- State Permitted Turbine Layout
- Runway Protection Zone (RPZ)
- Runway Safety Area (RSA)
- Runway Obstacle Free Zone (ROFZ)
- 20:1 Surfaces
- North Deuel Project Boundary
- Homan Steel Construction
- Homan Permitted Residence
- Homan Airstrip
