South Dakota Data Request

- 1-2) Provide an update regarding MidAmerican receiving any potential refunds or credits due to the change in FERC ROE. How and when does MidAmerican plan to credit proper FERC ROE credits owed to ratepayers back to SD ratepayers?

Response:

To-date, MISO has processed refunds related to a change in the FERC ROE for the period from November 12, 2013 through February 11, 2015. MidAmerican's Rider TCR went into effect in July 2015. Since Rider TCR was not in effect for the period for which refunds were processed, there are no allocations to SD ratepayers for those refunds.

There is a second ROE complaint pending at FERC for which refunds may be ordered for the period from February 12, 2015 through May 11, 2016. To the extent that refunds are processed by MISO stemming from a decision in the second complaint proceeding, the appropriate share of the refunds will be allocated to SD ratepayers.
