Tariff Changes to Facilitate)
Implementation of a New Customer)
Information System)

Case No. EL18-

**NOTICE OF REQUEST FOR TARIFF CHANGES IN SUPPORT OF
A NEW CUSTOMER INFORMATION SYSTEM**

NOTICE IS HEREBY GIVEN that on July 2, 2018, Otter Tail Power Company (OTP or Company) has filed an Application with the South Dakota Public Utilities Commission (Commission) for rules and rate schedule changes for service to its South Dakota electric customers in support of the implementation of a new Customer Information System.

The Company is not seeking a change to rates or a change to net revenues. The Company proposes that the changes be effective following the Commission's final decision of the Company's Petition.

This notice was included as part of the Company's Application to the South Dakota Public Utilities Commission. Under South Dakota law, you have a right to join with 24 other customers in OTP's South Dakota service area to file a written objection to this proposed rate increase, and you may request the Commission suspend the rate increase and hold a public hearing to determine whether such rate increase should be allowed.

The Application, including schedules, is available by request by contacting our Customer Service Center at 800-257-4044 or placing an inquiry on our website at otpc.com. This request is necessary to continue to serve customers as reliably, economically, and environmentally responsibly as possible. If you have any questions regarding the Company's Application, please contact South Dakota Area Manager Kevin Kouba.
