RE: EL18-045 In the Matter of the Application of Flying Cow Wind, LLC

Dear Ms. Van Gerpen:

Per my correspondence dated January 14, 2019, the landowners for five land parcels within a ½ mile of the proposed Project were not notified ahead of the December 18, 2018 public input meeting. I have personally contacted the six landowners of these five parcels to provide them information about the project. On February 4, 2019, I provided four letters of acknowledgement signed by the landowners. Attached is a fifth letter of acknowledgement received to date. We will continue our efforts to obtain the last landowner's letter of acknowledgement.

If you have any questions, please contact me at 512-617-2894 or anne-marie.griger@res-group.com.

Sincerely,

A handwritten signature in black ink that reads 'Anne Marie Griger'. The signature is written in a cursive, flowing style.

Dear Ms. Griger,

I acknowledge I have received the landowner notice, Bitter Root Transmission Line Project Map, and public meeting presentation. I understand the information provided therein and have no objections or concerns about the proposed Bitter Root Transmission Line project at this time and do not wish to formally intervene and participate in the formal evidentiary hearing as a party.

I understand that I will be notified prior to a final South Dakota Public Utilities Commission meeting regarding this project and that I will have the opportunity to voice any comments or concerns at that time.

Regards,
