I, the undersigned, request permission to construct and maintain a utility facility on public right-of-way at the above location and as shown on the attached layout sheet and in accordance with provisions of Administrative Rules of South Dakota, Chapter 70:04:05. In consideration for this permission, I agree to abide by all conditions of said rules and in addition, the following:													
2. 3. 4. 5.	 interest in the right of way, including but not limited to any tribal government, the Office of School and Public Lands, the United States Forest Service and the Bureau of Indian Affairs. The issuance of this Utility Permit does not relieve the applicant of the obligation to obtain any other approvals that might be required for use of the highway right of way for utility purposes. The applicant is solely responsible for investigating whether additional approval is required and complying with any other applicable requirements. If the applicant fails to secure all necessary approvals or comply with all applicable requirements, this permit is of no effect whatsoever and the Department may, at the applicant's sole expense, cause the immediate removal of the utility facilities. 2. To furnish all materials, labor, incidentals and pay all costs involved with the construction and maintenance of the utility facility. To perform approved open cut trench operations in accordance with current DOT Open Cut Method of Utility Installation or Repair, Administrative Rule Chapter 70:04:05, Appendix A. To restore any damaged portions of the roadway and right-of-way to equal or better conditions than existed prior to beginning work covered by this permit. To not install a utility over the top of any highway drainage structure. To permanently mark above ground pedestals / facilities with metal flags or markers located at least 48" above ground. 8. If deemed necessary by the South Dakota Department of Transportation to move or alter the utility installation in any way due to maintenance or highway traffic during construction and maintenance by the use of proper signs, barricades, flag persons and lights as prescribed in the "Manual on Uniform Traffic Control Devices." 6. Workers are required to wear high-visibility safety apparel intended to provide conspicuity during both daytime and nighttime usage, and meeting the Performance Class 2 or 3 requirements of the ANSI/SEA 107-2004 publication entill												
6.	Visibility Safety Apparel and Headwear". To indemnify and hold the State of South Dakota, its Department of Transportation, its officers, agents and employees harmless, from and against any and all actions, suits, damages, liability or other proceedings of any kind or nature brought because of any injuries or damage received or sustained by any person or property on account of the use or occupancy of highway right-of-way designated in this application.

INSTRUCTIONS FOR DOT-200

APPLICANT:

- 1. Complete all items in upper portion of form. Please print or type.
- 2. Prepare a separate sheet showing details of the proposed installation. The drawings should include:
 - a. Location of the facility dimensioned to the highway centerline and to the right-of-way line. Show all section lines and approaches that will be crossed. Show legal description on drawing, i.e., Section, Township, and Range for rural areas and Blocks and Lots in urban areas. Show box culverts, bridges and any other permanent features. No utility installation will be allowed on top of drainage pipes.
 - b. Installations on bridges must include details of method of attachment. Allow two (2) additional weeks for approval of the permit.
 - c. Utility company name, a North arrow, sheet number and total number of sheets if more than one. Use one side of sheet only.
 - d. Any other pertinent information.
- 3. Sign and submit one (1) copy of the request and one (1) copy of the attachment to the SDDOT Area Engineer for processing.

DEPARTMENT OF TRANSPORTATION:

Area Engineer:

- 1. Review request and complete lower portion of form.
- 2. If request is not approved, return request to applicant stating reason for denial.
- 3. Obtain city recommendation and DOT Bridge/Roadway Design approval when applicable.
- 4. Forward to Region Engineer only if application location is within Interstate ROW.
- 5. If request is approved, forward request and all attachments to the Permit Manager, Office of Right of Way.

PERMIT MANAGER:

- 1. Review request and if denied, return to applicant stating reason for denial with copy to Area Engineer.
- 2. If request is granted, issue permit and send copies of the permit and attachments as follows:

Area Engineer (2 copies); Applicant (1 copy), and Record Center (original).
