
My name is Mike Schmidt. Summit, SD

I own a home here in Summit and have 2 kids in the Summit School District. I have a good working relationship with the guys from Apex and trust their team.

We have been trying to get wind development in our area for the last 10+ years. We want this project in our community.

I support Dakota Range III because it will benefit our local economy that will help our school and provide a lot for the education of our young people.

I would like to request that the commission approve the permit for Dakota Range Wind III.
