**RE: In the Matter of the Application by Deuel Harvest Wind Energy LLC for Energy Facility Permits of a Wind Energy Facility and a 345-kV Transmission Line in Deuel County, South Dakota for the Deuel Harvest North Wind Farm
Docket EL18-053**

Dear Ms. Van Gerpen:

In connection with the above-captioned matter, Deuel Harvest Wind Energy LLC (“Deuel Harvest Wind”) is submitting a revised version of Appendix D to the Application – Pre-Construction Wind Turbine Noise Analysis. Upon further review, Deuel Harvest Wind discovered that the original version of the report included the incorrect data set for receptors. As such, the receptor IDs in the original version of the report were not properly matched to the physical location of the receptors and associated modeling results. The enclosed revised version of Appendix D corrects this error, and this version should replace the document filed with the Application.

If you have any questions, please let me know.

Sincerely,

/s/ Lisa Agrimonti
