The Project is located approximately 22 miles east of Buffalo Gap, South Dakota, on 810 acres of privately owned land in Township 41 North, Range 48 West, Section 36 and the southern portion of Section 35 on individually-owned Indian trust land on the Pine Ridge Reservation (Project Area). The Project would interconnect to the high-voltage transmission lines owned by the Western Area Power Administration near Cottonwood Cutoff. The Project is expected to be in-service by the second quarter of 2021. Applicant estimates the solar project would cost approximately \$100 million.

The purpose of the public input hearing will be to hear public comments regarding the permit Application and the Project. At the hearing, Applicant will present a brief description of the Project, following which interested persons may appear and present their views, comments and questions regarding the Application. A copy of the Application is on file with the Custer and Oglala Lakota County Auditors pursuant to SDCL 49-41B-15(5) and at the Commission's office in Pierre.
