COUNTY OF PALM BEACH)

I, Tyler Wilhelm, being duly sworn on oath, depose and state that the statements in my Affidavit are true to the best of my knowledge, information, and belief.

1. I am the Senior Project Developer for Crowned Ridge Wind, LLC (“CRW”). I am responsible for the development of the proposed wind facility approved by South Dakota Public Utilities Commission (“Commission”) in Docket No. EL19-003.
2. I am providing this Affidavit pursuant to Condition No. 22 of the Commission’s July 26, 2019 Final Decision and Order Granting Permit to Construct.
3. CRW has determined it needs to adjust turbine no. CR1-62 50 feet to avoid a topological constraint. **Exhibit A** shows the current and revised location of turbine no. CR1-62.
4. **Exhibit B** shows that CRW remains compliant with set back requirements from residences, property lines, and roads after the relocation of turbine CR1-62.
5. **Exhibit C** shows that CRW remains compliant with the sound thresholds after the relocation of turbine no. CR1-62.
6. **Exhibit D** shows that the relocation of turbine no. CR1-62 does not impact CRW’s compliance with the shadow flicker threshold of no more than 30-hours annually per receptor.
7. There are no known cultural resources or documented habitats for listed species impacted by the relocation of turbine no. CR1-62

8. There are no wetlands impacted and no U.S. Army Corps of Engineers regulations impacted by the relocation of turbine no. CR1-62.
9. The relocation does not require a new Determination of No Hazard by the Federal Aviation Administration. The existing Determination of No Hazard remains valid even after the relocation of turbine no. CR1-62.
10. The relocation of turbine no. CR1-62 is on land under an easement agreement.
