I, Tyler Wilhelm, being duly sworn on oath, depose and state that that the statements in my Affidavit are true to the best of my knowledge, information, and belief.

1. I am the Project Developer for the Crowned Ridge Wind, LLC (“Crowned Ridge”) project approved in Docket No. 19-003.
2. I have reviewed the complaint of Amber Christenson filed with the Commission on October 25, 2019. The complaint claims that Crowned Ridge has started construction on turbine location CR-68. The complaint includes a picture showing the disturbance of dirt in a field.
3. I have discussed the complaint with Crowned Ridge’s construction contractor and the landowner of the field. The dirt disturbance is completely unrelated to the Crowned Ridge project. Instead, the disturbance of dirt shown in the picture included in the complaint is related to the landowner burying rocks.
