To whom it may concern:

This is Dennis Schmeling, I have the house in NW 1/4 Section 4-T 119-R 51. This house is un-livable, the floors are rotted out, it's full of raccoons, windows are gone. It has no value and has been vacant since 1995.

I intend to remove the structure when local fire department allows removal.

Regards,

Dennis Schmeling
