AFFIDAVIT OF
SEAN HARRINGTON

1. I am a Senior Project Director for Engineering and Construction at NextEra Energy Resources, LLC (“NEER”). I am an engineering and construction supervising the construction of the Crowned Ridge Wind, LLC (“Crowned Ridge Wind”) wind facility (“Project”). Crowned Ridge Wind is an indirect wholly-owned subsidiary of NEER. I have 9 years of experience in the engineering and construction of wind facilities, and have worked on over 50 wind projects over this time period.
2. Construction on the operation and maintenance (“O&M”) building permitted under the Final Order started on September 23, 2019. Crowned Ridge Wind contractor paid an administrative fee to Codington County when it was questioned whether the contractor started construction on the O&M building prior to the issuance of a Building Permit on September 11, 2019. Rather than possibly delay construction and contest the issue with the County, the contractor paid the administrative fee.
