Re: Docket #EL19-003; Application to the SD PUC for a Facility Permit to Construct

A 300 megawatt Wind Facility

Dear Ms. Van Gerpen:

Attached for filing is an Affidavit of Tyler Wilhelm. This affidavit is being filed for purposes of clarity related to Intervener Complaint No. 2 and shows that the change in hub height of four turbines did not impact compliance with state, county, or federal setback distances, because Crowned Ridge Wind always used the highest turbine height to ensure distance setback compliance on all of its turbines.

If you have any questions, please contact me.

Yours very truly,
