Subject: [EXT] Docket EL 19-003

Commission and Staff:

Attached is a photo of 162nd Street, between 464 and 465 Avenue.

Crowned Ridge has ruined roads in the area northeast of Waverly. Even worse than this picture, is the area by the former cement batch plant on 464th Avenue, between 162nd and 163rd Street...that road is torn up and extremely dangerous. I have lived on this road for 26 years and I have never seen anything even close to this kind of a mess. Public health and safety...important words during the permitting process, even more important today.
