Ms. Patricia Van Gerpen, Executive Director  
South Dakota Public Utilities Commission  
Capital Building, 1<sup>st</sup> Floor  
500 East Capital Avenue  
Pierre, SD 57501-5070

Re: Docket No. EL19-003  
Application to the SD PUC for a Facility Permit to Construct  
A 300 Megawatt Wind Facility

Dear Ms. Van Gerpen:

As directed by the Commission in its January 9, 2020 Order in Docket No. EL19-003, Crowned Ridge Wind submits its progress report explaining the status of low noise tailing edge attachments (LNTE).

The installation of LNTE attachments on turbine blades continues. Crowned Ridge Wind completed LNTE attachments on the following wind turbines: 21, 29, 33, 37, 41, 44, 46, 48, 50, 52, 61, 63, 64, 66, and 95. Given the installation of LNTE attachments on these wind turbines, as explained in its June 24, 2020 letter, Crowned Ridge Wind, as of June 30, 2020, will no longer curtail the following wind turbines 20, 21, 29, 33, 37, 39, 46, 48, 50, 52, 62, 73, 75, 95, 109, and 114.

Crowned Ridge Wind expects to complete the installation of LNTE attachments on all wind turbines by September 1, 2020.

Ms. Patricia Van Gerpen
