Re: Docket No. EL19-003
Application to the SD PUC for a Facility Permit to Construct
A 300 Megawatt Wind Facility

Dear Ms. Van Gerpen:

Crowned Ridge Wind, LLC ("Crowned Ridge") submits the following documents to show its continued progress to equip the Crowned Ridge wind project with an aircraft detection lighting system (ADLS): (1) the Federal Aviation Administration (FAA) determinations of no hazards for the two ADLS radar towers (Attachment 1); and (2) the FAA's approval of the proposed ADLS technology (Attachment 2). With these approvals, Crowned Ridge continues to expect that an ADLS will be operational at Crowned Ridge on or before the end of June 2020.

If you have any questions, please contact me.

Yours very truly,

LYNN JACKSON, SHULTZ & LEBRUN, P.C.
