Were any rebates not paid out due to budget constraints in 2018?

Response:

Otter Tail closely monitors its budgets to maximize participation. In 2018 there were commercial rebates pushed to 2019 in order to keep rebate funds available for our residential customers. Otter Tail has decreased commercial rebate offerings for lighting, adjustable speed drives, and custom grants in August 2018 by approximately 50 percent to reduce the number of rebates pushed out. The Company will closely monitor program participation for possible impacts resulting from rebate reductions.
