John, *Southeastern Electric Coop Manager of Operations & Engineering*

I'm building a house on an existing lot north of Chancellor. The address is 45935 268th Street Chancellor, SD 57015. I noticed my neighbors are connected to Sioux Valley Energy so I contacted them to set up a new service. Michelle at SVE informed me that the house is actually in your territory so I need to get a service territory exemption. The SVE line that I want to connect to is actually on my property ROW.

Thanks,

Alan

John

After discussing the issue with you and with Michele at Sioux Valley Energy, I think the best thing is to have Sioux Valley Energy set up the new service. I would be satisfied connecting to either SouthEastern or Sioux Valley.

Please file the necessary paperwork. If you need anything in addition please do not hesitate to contact me.

Thanks,

Alan
