Pierre, SD 57501-5070

Re: Docket No. EL19-027 Application to the SD PUC
for a Facility Permit to Construct A
300.6 Megawatt Wind Facility

Dear Ms. Van Gerpen:

It has come to Crowned Ridge Wind II's attention when prepping the current batch plant location that it may be more suitable to be a laydown yard than a batch plant. Thus, while Crowned Ridge Wind II will continue to consider the current batch plant location, it is adding an additional batch plant location as illustrated on the attached maps. The additional batch plant location is currently in industrial use as a dairy farm and gravel quarry.

If you have any questions, please contact me.

Yours very truly,

LYNN, JACKSON, SHULTZ & LEBRUN, P.C.

Miles F. Schumacher
