South Dakota Data Request

1-2. Refer to page 4 of the 2019 TCR Reconciliation and 2020 New Factor Calculation. What was the primary driver(s) of the increase in forecasted Schedule 26-A Charge in this filing?

Response:

The primary drivers for the increase in the forecasted Schedule 26-A Charge are: (1) an increased forecast of 2020 MidAmerican energy sales to its retail customers; and (2) an increase to the total 2020 MISO Schedule 26-A revenue requirements due to increased MISO Transmission Owners' MVP investments.
