**Re: In the Matter of the Application by Wild Springs Solar, LLC for a Permit of a Solar Energy Facility in Pennington County, South Dakota
Docket EL 20-018**

Compliance Filing, Condition No. 11

Dear Ms. Van Gerpen:

In accordance with Condition No. 11 of the South Dakota Public Utilities Commission's ("Commission") December 4, 2020 Order Granting Motion to Approve Decommissioning Condition and Final Decision and Order Granting Permit to Construct Facility; Notice of Entry in the above-referenced docket, Wild Springs Solar, LLC ("Wild Springs") provides the following update to the Commission on the status of road repairs.

Wild Springs and Pennington County (the "County") entered into a road use agreement governing Wild Springs' use of County roads during construction of the Wild Springs Solar Facility ("Project"). Wild Springs completed construction of the Project in March of 2024. Wild Springs and the County coordinated on the necessary repairs to County roads. The County chose to complete the necessary repairs and invoice Wild Springs following completion.

On September 5, 2024, the County provided an email to Wild Springs stating that all repairs on the County roads used by Wild Springs during construction have been completed (see Attachment A). As noted in the email, the County is in the process of preparing the final invoice; once available, Wild Spring will pay the agreed-upon amount. At such time, the County Highway Superintendent will provide a signed acknowledgment that all repair obligations with respect to the roads used by Wild Springs for construction activities are complete. Wild Springs will provide the Commission with the signed acknowledgement once received.

A Certificate of Service is also enclosed. Please let me know if you have any questions.

Ms. Patricia Van Gerpen
