RE: In the Matter of the Application of Wild Springs Solar, LLC for a Permit of a Solar Energy Facility in Pennington County, South Dakota Docket EL 20-018

Dear Ms. Van Gerpen:

Enclosed for filing in the above-referenced docket, Wild Springs Solar, LLC (“Wild Springs”) submits the following documents:

1. Stormwater Pollution Prevention Plan (Condition 17);
2. Copy of Decommissioning Surety Bond; and
3. Certificate of Service.

As discussed in Wild Springs’ August 29, 2022 filing, to satisfy Pennington County’s (“County”) decommissioning requirement, Wild Springs has obtained a surety bond naming the County and the South Dakota Public Utilities Commission (“Commission”) as beneficiaries prior to beginning Project construction. A copy of the surety bond is included with this filing. Prior to the Project becoming commercially operational, Wild Springs will comply with the Commission’s decommissioning financial security requirements by filing an updated decommissioning cost estimate and an updated surety bond in the amount and form approved by the Commission.

If you have any questions, please contact me.

Sincerely,

/s/ Mollie M. Smith
