RE: EI20-018 Wild Springs Solar, LLC

The Settlement Stipulation for the subject project addresses my immediate concerns with the Wild Springs PV solar project.

The data gathered from the avian monitoring could prove useful in the siting and design of future large-scale solar projects in South Dakota.

Furthermore, I wish to advise the commissioners and staff of the Public Utilities Commission that I do not intend to participate in the December 2020 hearing for the Wild Springs Solar Project.

Sincerely,

A handwritten signature in cursive script that reads "Judy Bundorf".
