RE: MidAmerican Energy Company

Dear Ms. Van Gerpen:

The accompanying revised electric tariff sheets issued by MidAmerican Energy Company ("MidAmerican") are transmitted to you for filing:

MidAmerican Energy Company
Section No. 3

4th Revised Sheet No. 65
4th Revised Sheet No. 66

Canceling 3rd Revised Sheet No. 65
Canceling 3rd Revised Sheet No. 66

Effective: August 15, 2020

Enclosed herein for filing are revised tariff sheets to update Rate QF - Cogeneration and Small Power Production Facilities tariff rate for MidAmerican's current avoided costs for the 12-month period beginning August 2020. The energy and capacity credits are based on the marginal energy cost and the market value of capacity cost data used to produce MidAmerican's 2020 PURPA Avoided Cost Report filed previously and attached for reference.

MidAmerican does not currently have any customers taking service under Rate QF. Since MidAmerican's filing in 2018 (EL18-030), MidAmerican has received three inquiries about interconnection options. One pursued interconnection and is operating in parallel with MidAmerican but did not opt to take service under Rate QF. The other two did not submit an interconnection request.

The market dispatch methodology used to calculate the energy credits is identical to the methodology used in MidAmerican's 2018 avoided cost rate filing.

Please contact me at (563) 333-8382 or dlvotino@midamerican.com if you have any questions.

Sincerely,

/s/ Diane Votino
