The Honorable Kimberly D. Bose, Secretary  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, D.C. 20426

Re: MidAmerican Energy Company  
Withdrawal of Pending Filings in FERC Docket No. ER20-28

Dear Secretary Bose:

Pursuant to Section 205 of the Federal Power Act and Part 35 of the Federal Energy Regulatory Commission's ("Commission") regulations, 18 CFR § 35.1 *et seq.*, MidAmerican Energy Company ("MidAmerican"), an Iowa corporation, submitted an executed Interconnection Agreement ("Agreement") between MidAmerican and La Porte City Utilities ("La Porte City"), a municipal utility. MidAmerican designated the Agreement as Original Rate Schedule No. 131.

MidAmerican initially filed a transmittal letter and the Interconnection Agreement on October 2, 2019, which were assigned to FERC Docket No. ER20-28. Due to technical difficulties with MidAmerican's tariff software that wasn't transferring the information properly to the Commission's e-tariff database, Commission staff requested that MidAmerican refile the transmission letter and the Interconnection Agreement again on November 18, 2019 and on November 21, 2019, but experienced the same results.

On January 13, 2020, MidAmerican subsequently and successfully filed the transmittal letter and the Interconnection Agreement, which were accepted on January 14, 2020 and assigned to FERC Docket No. ER20-777. As such, MidAmerican respectfully requests that the Commission allow it to withdraw the three pending filings in FERC Docket ER20-28 as they were superseded by the transmittal letter and the Interconnection Agreement filed in FERC Docket No. ER20-777.

Thank you.

Respectfully Submitted,

*/Aaron K. Friess/*

Aaron K. Friess
