Complaint Information - Please explain your complaint in detail : I oppose amendment EI21-011. It is not right for a utility company to tell me that I have to sell all the power to them and then buy back what I use. I invested my own money to purchase the solar and have it installed on my house. It is my property and they should not be allowed to tell me I can't first use what I make and then sell them only my excess.

Did you speak to a supervisor from your utility company? : No

If 'Yes', what was the result? :

Are you subject to disconnection? : No

What do you think the company should do to resolve your complaint? : Amendment EI21-011 should not be approved.
