Complaint Information - Please explain your complaint in detail : I am voicing my opinion on the BHP amendment. I think it's pretty outrageous that this is even being considered for debate. Letting a corporation of this size make a move like this is damaging not only to themselves but also to the PUC. This is the definition of corporate GREED at its finest. I really hope that this amendment does not pass, because if it does it will be setting the tone for our down fall as a society.
