**Subject:** [EXT] EL21-011 – In the Matter of the Application of Black Hills Power, Inc., dba Black Hills Energy to Amend its Cogeneration and Small Power Production Service Tariff

PUC,

In reference to :

EL21-011 – In the Matter of the Application of Black Hills Power, Inc., dba Black Hills Energy to Amend its Cogeneration and Small Power Production Service Tariff.

As a 6KW solar owner and plans to add another 6KW along with 3KW wind, I strongly appose this application by BHE.

I do however strongly agree with net metering, and it is needed in our state.

SD is one of very few states who does not require net metering.

Bring net metering to a public vote.
