<b>ADJUSTMENT )</b>	<b>EL21-025</b>

On September 1, 2021, the South Dakota Public Utilities Commission (Commission) received a Petition for Transmission Cost Recovery from Northern States Power Company dba Xcel Energy (Xcel) for approval of its 2022 Transmission Cost Recovery (TCR) Rider, TCR rate factor, and tracker account report. For 2022, Xcel proposes recovery of the South Dakota jurisdictional portion of the revenue requirements related to 31 transmission projects located throughout its service territory. Xcel proposes to include 10 new projects for 2022 and proposes to remove one previously approved project. Xcel proposes to recover \$7.0 million associated with the 31 transmission projects for the 2022 calendar year. Included in the \$7.0 million figure is the 2021 over-collection balance of \$397,023. The total of the transmission investment costs and the tracker balance results in an average bill impact of \$2.43 per month for a typical residential electric customer using 750 kWh per month. This is a decrease of \$0.15 per month from the current TCR Rider recovery. Xcel proposes to implement a rate of \$0.003245 per kWh applied to all energy billed to each customer class beginning January 1 through December 31, 2022. This represents a decrease of \$0.000201 from the existing rate of \$0.003446 per kWh.

On September 2, 2021, the Commission electronically transmitted notice of the filing and the intervention deadline of September 17, 2021, to interested individuals and entities on the Commission's PUC Weekly Filings electronic listserv. No petitions to intervene or comments were received. On September 20, 2021, the Commission issued an Order Assessing Filing Fee. On December 2, 2021, Commission staff filed its Memorandum.

The revised tariff sheet effective for service rendered on and after January 1, 2022 is as follows:

South Dakota Electric Rate Book – SDPUC No. 2

Section No. 5

12<sup>th</sup> Revised Sheet No. 71

Cancelling 11<sup>th</sup> Revised Sheet No. 71

The Commission has jurisdiction over this matter pursuant to SDCL Chapter 49-34A, particularly 49-34A-4, 49-34A-6, 49-34A-8, 49-34A-10, 49-34A-12, and 49-34A-25.1 through 49-34A-25.4 and ARSD 20:10:13.

At its regularly scheduled meeting on December 8, 2021, the Commission considered this matter. Commission staff recommended approval of the updated TCR rate factor of \$0.003245 and the updated tariff sheet with an effective date of January 1, 2022. The Commission voted unanimously to approve the updated TCR rate factor of \$0.003245 and the updated tariff sheet with an effective date of January 1, 2022. It is therefore

ORDERED, that the TCR rate factor of \$0.003245 and the updated tariff sheet set forth above are hereby approved effective January 1, 2022.

Dated at Pierre, South Dakota, this 13<sup>th</sup> day of December 2021.
