RE: COMPLIANCE FILING
CREDIT FOR THIRTEENTH DOE SETTLEMENT PAYMENT
DOCKET NO. EL21-035

Dear Ms. Van Gerpen:

Northern States Power Company, a Minnesota corporation, submits to the South Dakota Public Utilities Commission this compliance report regarding the credit to South Dakota retail electric customers resulting from the thirteenth settlement payment received from the U.S. Department of Energy for failure to take the Company's spent nuclear fuel. We submit this report in compliance with the Commission's February 22, 2019 ORDER in the above-referenced docket.

CREDIT SUMMARY

In compliance with the Commission's Order, we completed applying bill credits from the thirteenth DOE settlement payment to our electric customers on March 21, 2022. The total amount credited to South Dakota retail electric, including taxes and city fees was \$1,520,405.00.

As summarized in Attachment A to this filing, the total customer credit included the South Dakota jurisdictional retail portion of \$1,429,348 plus interest of \$8,688, less \$26 in bank fees, for a credit amount of \$1,438,010. Because we are unable to refund the exact refund amount due to rounding, we set the refund factors to over refund a small amount. That rounding resulted in an excess credit of \$425. Therefore, the total calculated bill credit issued to customers was \$1,438,435. We also provide the detail of our interest and bank fees calculation in Attachment B to this filing.
