Proposed Customer Bill Onsert Language

DSM Cost Adjustment Factor Increase Effective January 1, 2022

Xcel Energy offers a variety of load management and demand side management (DSM) programs to our South Dakota customers to help them reduce their home's usage. The South Dakota Public Utilities Commission has approved a new Demand Side Management Cost Adjustment Factor as a separate line item on your monthly electric bill to recover the cost of our load management and DSM programs. Beginning January 1, 2022, the rate factor will increase from \$0.000528 per kWh to \$0.0005368 per kWh.
