OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF OTTER TAIL POWER)	ORDER APPROVING
COMPANY'S PETITION FOR APPROVAL OF PHASE-)	PHASE-IN
IN RIDER RATE)	RIDER FACTOR
)	
)	EL21-017

On June 1, 2021, the South Dakota Public Utilities Commission (Commission) received a Petition from Otter Tail Power Company (Otter Tail) for approval of its annual update to its Phase-in Rate Plan Rider. Otter Tail makes this filing pursuant to SDCL 49-34A-73 through 49-34A-78. In this filing, Otter Tail proposes to adjust the Phase-in Rate Plan Rider Rate to reflect the applicable rider revenue requirements for the next recovery period (September 2021 – August 2022), to recover actual and forecasted costs for the Astoria Station Natural Gas Plant project, Merricourt Wind Project, forecasted net benefits associated with additional load in the Lake Norden area, and net savings associated with Otter Tail's retirement of its Hoot Lake Plant. Otter Tail states a typical residential electric customer using an average of 1,000 kWh per month will see a decrease of \$3.75 per month resulting from this filing. Otter Tail proposes an effective date of September 1, 2021.

On June 3, 2021, the Commission electronically transmitted notice of the filing and the intervention deadline of June 18, 2021, to interested entities and persons on the Commission's PUC Weekly Filings electronic listserv. No petitions to intervene or comments were filed. On August 25, 2021, Commission staff filed its Memorandum. The tariff sheets effective for service rendered on September 1, 2021, and through August 31, 2022, are as follows:

South Dakota P.U.C. Volume II- Electric Rate Schedule

Section 13.09

Second Revised Sheet No. 1

Cancelling First Revised Sheet No. 1

The Commission has jurisdiction over this matter pursuant to SDCL Chapter 49-34A, specifically 49-34A-4, 49-34A-6, 49-34A-8, 49-34A-10, and 49-34A-12, 49-34A-73 through 49-34A-78.

At its regularly scheduled meeting on August 27, 2021, the Commission considered this matter. Commission staff recommended approval of Otter Tail's request of a revenue requirement of \$345,134 for the September 1, 2021 through August 31, 2022 plan year and a 1.351 "percent of bill" phase-in rider factor effective September 1, 2021 through August 31, 2022. The typical residential electric customer using an average of 1,000 kWh per month will see a decrease of \$3.75 per month. Finding the request to be just and reasonable, the Commission voted unanimously to approve Otter Tail's request for a phase-in rider as recommended by Commission staff. It is therefore

ORDERED, that the revenue requirement as provided in Otter Tail's Filing and resulting phase-in rider factor of 1.351 percent of base rates is hereby approved. It is further

ORDERED, that the above-referenced tariff sheet is hereby approved effective September 1, 2021 through August 31, 2022.

Dated at Pierre, South Dakota, this 31st day of August 2021.
