Mr. Aanenson,

The message that you sent to Chairperson Fiegen concerning the Xcel Energy rate case open before the commission will be posted in the docket, [EL22-017](#).

As relayed previously, commissioners vote on the outcome of dockets before them, thus any communication with a commissioner about an open docket must be done in an open meeting, with notice given to all parties, or made available via the docket. Your message and this response will be posted under Comments and Responses in the docket. This [Electric Rate Increase Request Info Guide](#) and [Ex Parte Guidelines](#) may be helpful to you in understanding proper communication with the commission.
