Subject: [EXT] Docket EL 22-017 Xcel Energy Proposed Rate Increase

To whom it May Concern,

On my latest utility bill, Xcel Energy is proposing a 20% rate increase beginning Jan 1, 2023. With everything getting more expensive, 20% is a very significant amount and will be harmful to a lot of people. Please suspend the rate increase and hold a public hearing to determine if this rate increase should be allowed. My name is Deborah Kraft, my address is: [REDACTED] Sioux Falls, SD 57103, my phone number is [REDACTED] and my email address is [REDACTED]. My partner is also opposed to this rate increase and her name is Renee Timm, same address, phone number [REDACTED] and email address [REDACTED].

Thank you!

Deborah Kraft and Renee Timm
